

EU Data Act Information for coccaa

In accordance with Regulation (EU) 2023/2854 – known as the “Data Act” – coccaa provides the following transparent information regarding access to, use of, and management of data generated by its Smart TV products. For further information, please contact us using the contact details provided in this document.

1 Product Identification

This document describes data usage for all current coccaa TV devices with RokuTV operating system.

2 Information about Data Usage

2.1 Data Type, Format and Size

Roku’s Privacy Policy is publicly available and describes, in detail, user information collected by Roku (see here: <https://docs.roku.com/published/userprivacypolicy/>). The Privacy Policy applies to information collected by Roku through the “Roku Services”, which includes: Roku’s websites, Roku’s products and certain other products utilizing Roku’s streaming platform or operating systems (including Roku players, Roku TV models, Roku Smart Home devices, speakers and other audio-enabled products), Roku’s mobile apps (including the Roku Mobile App and Roku Smart Home App), Roku branded apps like the Roku Media Player and The Roku Channel, Roku’s advertising services, Roku emails and newsletters, and Roku’s accounts on third-party social networking sites.

2.2 Continuously / Real-Time Data Generation

See Roku Privacy Policy for details.

2.3 Storage and Data Retention

Most data generated by Roku TVs is stored on a remote server, as Roku TVs have very limited on-board storage capacity. However, some limited data may be stored locally. See Roku Privacy Policy for details.

2.4 Access by User

Roku has an existing privacy portal through which users can request a copy of their data and/or the deletion of their data. See here <https://privacy.roku.com/contact/> (with account) and <https://privacy.roku.com/contact/anonymous> (without account). The Terms of Use applicable to Roku’s devices and services are publicly available here: <https://docs.roku.com/published/deviceplayereula/> and <https://docs.roku.com/published/usertermsandconditions/>
